

Dundee Aged twenty six. I live with my Mother at 22 Union Street Dundee. Prisoner and his wife came to lodge on Monday 21st January. They remained with us till following Tuesday week (29th January) Box N^o 2 part of their luggage. Prisoner and two men took it away. They said they were going to Princes Street with it. When with us Prisoner was very quiet but several times worse of liquor.

Cross-examined. On the Tuesday - the day after he came - I heard Prisoner tell my Mother that he had come to Dundee to look after a situation. His wife was present. (I saw and identified her dead body in the mortuary). She said he had a horse and cart in London. They seemed very affectionate. With the exception of twice they always went out together. One evening they came home both worse of drink. He said he had come by steamer from London.
